

(c) *Cash*. Cash may be substituted for amounts which are on deposit in the fund in any other form.

(d) *Devalued securities*. In the event the Administration determines that the market value at any date of any securities in the fund has decreased to a figure which is less than 90 percent of the market value at the time of deposit into the fund, then within 60 days after the taxpayer receives notice of such determination the taxpayer shall (except as otherwise provided in this paragraph) deposit into the fund cash or securities in an amount equal to the difference between the current market value of the devalued securities and the market value of such securities at the time of their original deposit. However, if any securities in the fund are valued at the time of their deposit at less than the market value of such securities at the time of their deposit the taxpayer shall be required to deposit only an amount equal to that portion of the difference between the current market value of the devalued securities and the market value of such securities at the time of their original deposit which bears the same ratio to such total difference as the amount at which the securities were valued at the time of their deposit bears to the market value at the time of such deposit.

§ 287.9 Valuation of securities in fund.

(a) *Equipment values*. In cases where securities are deposited in the fund in lieu of cash, or are purchased with cash on deposit in the fund, or are substituted for securities in the fund, the value of such securities must not be less than the amount of cash in lieu of which they are so deposited or with which they are so purchased, or the value at the time of deposit of the securities for which they were so substituted. If the securities on deposit in the fund are replaced by cash from the general funds of the taxpayer, the amount of cash to be deposited in the fund in lieu thereof shall be not less than the amount at which such securities were valued at the time of their deposit in the fund.

(b) *Determination of value*. (1) For the purpose of determining the amount in the fund, the value of securities shall be their "market value" (which shall

be the basis for determining value, unless otherwise agreed to by the administration) and shall be determined in the following manner:

(i) In instances where no actual purchase is involved, such as the initial deposit of securities in the fund in lieu of cash, the last sales price thereof on the principal exchange on the day the deposit was made shall be deemed to be the "market value" thereof, or, if no such sales were made, the "market value" thereof will be determined by the Administration on such basis as it may deem to be fair and reasonable in each case.

(ii) In instances where the purchase of securities with cash on deposit in the fund is involved, "market value" shall be the gross price paid (adjusted for accrued interest); *Provided*, That if such securities are purchased otherwise than upon a registered exchange the price shall be within the range of transactions on the exchange on the date of such purchase, or, if there were no such transactions, then the "market value" thereof will be determined by the Administration on such basis as it may deem to be fair and reasonable in each case.

(2) Purchase-money obligations secured by mortgages on vessels sold or irrevocable commitments to finance the construction or acquisition of new vessels which are deposited in the construction reserve fund as provided in § 287.13 ordinarily will be considered as equivalent to their face value.

§ 287.10 Withdrawals from fund.

(a) *Withdrawals for obligations or liquidation*. (1) Checks, drafts, or other instruments of withdrawal to meet obligations under a contract for the construction or acquisition of new vessel or vessels or for the liquidation of existing or subsequently incurred purchase-money indebtedness, after having been executed by the taxpayer, shall be forwarded to the Administration in Washington, DC, with appropriate explanation of the purpose of the proposed withdrawal, including properly certified invoices or other supporting papers. Such instruments of withdrawal, if payable to the Administration, will be deposited by the Administration for collection, and the proceeds
